# DEDALO

designer Alessandro Guerriero e Licio Tamborrino

La libreria che diventa spazio architettonico e luogo di concentrazione. Dedalo è la rivisitazione del progetto iconico "Prima" di Officine Tamborrino con una declinazione circolare. Interamente realizzata in lamiera d'acciaio, Dedalo è disponibile in versione completa o a semicerchio. Un nuovo modo di organizzare la libreria e di pensare lo spazio.

*Dedalo is the bookshelf that turns itself into an architectural space and a place for concentration. It is the reinterpretation of the iconic project "Prima" by Officine Tamborrino through a circular approach. Entirely made of steel plate, Dedalo is available in two versions, complete and semicircular. A brand new way of organizing bookshelves and conceiving spaces.*
